SECTION 2

- 4 JAN 2016

DEVELOPMENT ASSESSMENT AND SYSTEMS PERFORMANCE RECEIVED - JINDABYNE

NSW RURAL FIRE SERVICE BUSHFIRE ATTACK LEVEL RISK ASSESSMENT

SECTION TWO - BAL RISK APPLICATION FORM (To be detached and submitted)

Applicants Name:				
Countact Phone Number: (H): (22) 33.3.2.2	PART A			,
Countact Phone Number: (H): (22) 33.3.2.2	Applicants Name: ()	ARA SKI CLUB) PUBLIC STRMCE OFFI	CERS'SKILU
Address to be developed:	Contact Phone Number: (F): (.02) 99.3968 MR 12.13KB	30.9 (M):	
Address to be developed:			uncil Reference (if known):	
PART B Type of Proposal Type of Proposal: New Dwelling Alteration/Additions to an existing building Proposal Description: e.g. two storey house with attached garage Copy of plans attached: Yes Copy of plans attached: Yes Other submission requirements NOTE: The RFS will not be able to undertake a BAL Risk Assessment unless all necessary information has been submitted. PART C Bush Fire Development Standards Does your proposal meet all the relevant Development Standards for your land zoning? (See Section 1 - Part C) Yes NOTE: If your proposal does not satisfy all the development standards for your land zoning, you may need to reconsider your application for complying development or contact a qualified bush fire consultant for more	•			
Type of Proposal: New Dwelling	Address to be developed:	73 WHEAT	7 RO SOUTH PARK	SHEIZ/
Type of Proposal: New Dwelling	My property is on Bush Fire	Prone Land: Yes	No	
New Dwelling Alteration/Additions to an existing building Proposal Description: e.g. two storey house with attached garage NEW SUITES TO ROOF ROO MM EXTENSIONS D. ROOMS 2.3 ANO 4. CODGE ALTERATION Copy of plans attached: Yes Copy of any relevant photos attached: Yes Assessment fee attached: Yes Other submission requirements Yes NOTE: The RFS will not be able to undertake a BAL Risk Assessment unless all necessary information has been submitted. PART C Bush Fire Development Standards Does your proposal meet all the relevant Development Standards for your land zoning? (See Section 1 - Part C) Yes Unknown NOTE: If your proposal does not satisfy all the development standards for your land zoning, you may need to reconsider your application for complying development or contact a qualified bush fire consultant for more	PART B	Type of Proposal		
Alteration/Additions to an existing building Proposal Description: e.g. two storey house with attached garage NEW EN SUITES TO ROOF ROO MM EXTENSIONS TO ROOMS 2.3 AND 4 CODGE ALTERATION Copy of plans attached: Yes Copy of any relevant photos attached: Yes Assessment fee attached: Yes Other submission requirements Yes NOTE: The RFS will not be able to undertake a BAL Risk Assessment unless all necessary information has been submitted. PART C Bush Fire Development Standards Does your proposal meet all the relevant Development Standards for your land zoning? (See Section 1 - Part C) Yes \to No \to Unknown NOTE: If your proposal does not satisfy all the development standards for your land zoning, you may need to reconsider your application for complying development or contact a qualified bush fire consultant for more	Type of Proposal:		Zoning:	
Alteration/Additions to an existing building Proposal Description: e.g. two storey house with attached garageNEWENSU.I.TESTO. PART C Bush Fire Development Standards Does your proposal meet all the relevant Development Standards for your land zoning? (See Section 1 - Part C) Yes \textstyle \text	New Dwelling		Residential	
Copy of plans attached: Assessment fee attached: Yes Other submission requirements NOTE: The RFS will not be able to undertake a BAL Risk Assessment unless all necessary information has been submitted. PART C Bush Fire Development Standards Does your proposal meet all the relevant Development Standards for your land zoning? (See Section 1 - Part C) Yes NOTE: If your proposal does not satisfy all the development standards for your land zoning, you may need to reconsider your application for complying development or contact a qualified bush fire consultant for more	-	n existing building	Rural	
Does your proposal meet all the relevant Development Standards for your land zoning? (See Section 1 - Part C) Yes No Unknown NOTE: If your proposal does not satisfy all the development standards for your land zoning, you may need to reconsider your application for complying development or contact a qualified bush fire consultant for more	200 MM EXTENCED PROPERTY OF PARTY OF PA	Yes Col	py of any relevant photos attached:	ALTEIZATIOLO Yes Yes
Yes Unknown NOTE: If your proposal does not satisfy all the development standards for your land zoning, you may need to reconsider your application for complying development or contact a qualified bush fire consultant for more	PART C	Bush Fire Develop	ment Standards	
NOTE: If your proposal does not satisfy all the development standards for your land zoning, you may need to reconsider your application for complying development or contact a qualified bush fire consultant for more	Does your proposal meet a	I the relevant Development S	Standards for your land zoning? (See	Section 1 - Part C)
to reconsider your application for complying development or contact a qualified bush fire consultant for more	Yes	□No	Unknown	
	NOTE: If your proposal doe to reconsider your applicati information.	s not satisfy all the developm on for complying developmen	nent standards for your land zoning, y nt or contact a qualified bush fire cons	rou may need sultant for more

PART D

BAL & Risk Assessment

Step 1: Assess the vegetation about the proposed building in all directions.

CATEGORY	NORTH	EAST	SOUTH	WEST
Converted vegetation (See Vegetation Chart)	Forest Woodland Tall Heath Short Heath Mallee/Mulga Rainforest Grassland Managed Land	Forest Woodland Tall Heath Short Heath Mallee/Mulga Rainforest Grassland Managed Land	Forest Woodland Tall Heath Short Heath Mallee/Mulga Rainforest Grassland Managed Land	Forest Woodland Tall Heath Short Heath Mallee/Mulga Rainforest Grassland Managed Land

Step 2: Determine the distance from the building line to the vegetation in each direction as above

ASPECT	NORTH	EAST	SOUTH	WEST
Distance	£ D m	2 <i>5/.30.</i> . m	2.5/.30. m	10 m

Step 3: Determine the effective slope that will influence bush fire behaviour in each direction

CATEGORY	NORTH	EAST	SOUTH	WEST
Slope under the hazard (over 100m) [in degrees]	upslope/flat >0 to 5 >5 to 10 >10 to 15 >15	upslope/flat >0 to 5 >5 to 10 >10 to 15 >15	upslope/flat >0 to 5 >5 to 10 >10 to 15 >15	upslope/flat >0 to 5 >5 to 10 >10 to 15 >15

Step 4: Determine the Fire Danger Index (FDI) that applies to your local government area (council). Tick the relevant FDI below

		<u> </u>	
FDI	100 (see Table 4, page ?)	80 (see Table 5, page ?)	50 (see Table 4 page ?)

Step 5: Match the relevant FDI, vegetation, distance and slope to determine the required APZ and Construction level

Identify the bushfire attack level for each direction, select the highest level for the entire building and record below. Note BAL-12.5 is the lowest construction level within the scope of AS3959.

Identify the Bushfire Attack Level (BAL) below:

□BAL-FZ	□ BAL - 40	□ BAL- 29	□ _{BAL-19}	PAL - 12.5	No requirement	1
L BAL- FZ	L BAL- 40	□ BAL- 29	BAL-19	BAL- 12.5	I No requirement	-1.3

NOTE: BAL-40 and BAL-FZ are considered higher risk development and do not constitute complying development. You are advised to consult with a qualified bush fire consultant for more information.

This document has been designed for owner/builders as well as architects, building designers and draftspersons who wish to submit plans for building or modifying an existing building as complying development in a Bush Fire Prone Area. This document has been designed to support you, and provide you with a process to follow that will assist you to meet the current requirements for bush fire protection.
